1. For Ph.D. students who have not earned a master’s degree, at most one grade of “C” in a core course is acceptable providing it is offset by a grade of “A” in another core course.

2. A student who has completed a master’s degree at another university may petition to have one or more of the OSU core courses waived in favor of equivalent graduate-level course(s) taken elsewhere. The question or whether or not a course at another university is equivalent to an OSU core course is entirely up to the judgment of the department.

3. These elective hours cannot include any courses claimed Core Requirements, Research Specialization or Secondary Area of Study, nor may they include any courses used on the plan of study for a master’s degree, nor may they include any hours of CS 5000 or of CS 6000.

4. Students who have not completed a master’s degree must satisfy the above elective requirements in this item plus the elective requirements for the master’s degree (under the thesis option) in this department.
